

民主女神

剪法: 沿塑像轮廓及底座小心剪开, 将底座粘在一起。她会站稳。将她放在重要的位置。请查看你衣服的标签。
背景: 自一九八九年四月中旬, 数百万中国人聚集在北京天安门广场呼吁一个开明, 廉洁的政府。这座10米高的民主女神是由当时请愿的艺术院校学生制做。她象征着示威游行的精神。竖立的四天后, 坦克开进广场向手无寸铁的人们开枪。无人知晓准确的伤亡人数。各方猜测是从几百到几千。正如 Google 遵照中国政府的要求在中国市场实行自我检查, 在各跨国公司的协助下, 这段血腥史在中国被删除了。民主女神于六月四日被解放军戒严部队毁成碎片。

MAKE YOUR OWN TIENANMEN SQUARE MEMORIAL

HOW: Cut carefully around the contours of the figure including the extended base, stickytape the ends together and she will stand. Put her somewhere important. Look at the labels on your clothes. **WHY:** In April 1989, hundreds of thousands of people began to gather in Beijing's Tienanmen square demanding more open and accountable government. This 10 meter papier mâché statue, known as the Goddess of Democracy, was made by art students to symbolise the demands of the protest movement. Four days after she was erected, tanks rolled toward the square, firing on unarmed civilians. No-one knows how many died; estimates range from hundreds to thousands. The history of the whole bloody tragedy has been erased in China, with the assistance of multinationals like Google, who agreed to censor their search engines for the Chinese market. The Goddess was crushed by a tank and reduced to rubble on 4 June, 1989.
